

ULTIMATE FIELD PRODUCTIVITY

# Dell Pro Rugged Laptops, Tablets & Accessories

Built for the world's harshest  
environments.

# Dell Pro Rugged Family

**Dell Pro Rugged laptops and tablets are built to bring powerful productivity into the field. The portfolio features expansive performance options and is complemented with a robust ecosystem of purpose-built, versatile accessories that further enhance productivity.**

## Designed for Extreme Durability

You can't slow down when the job is tough. Dell Pro Rugged is engineered for the most demanding environments, offering unparalleled reliability in extreme conditions. Dell Pro Rugged devices' MIL-STD-810H and IP-53/IP-65/IP-66 certifications, along with drop testing, guarantee consistent performance amidst extreme heat, cold, dust, and rain. With Dell Pro Rugged, users can confidently operate knowing their device is resilient against challenging elements.

### Ultimate field productivity

Dell Pro Rugged laptops and tablets are designed for the way you work with features like direct sunlight-viewable, glove-touch displays, Wi-Fi 7 and 5G options, hot-swappable batteries, dedicated GPS and a wide array of memory and storage options. Power through tasks with NVIDIA RTX 500 Ada Gen graphics, Copilot+ and Intel® Core™ Ultra processors on our Dell Pro Rugged laptops.

### Built sustainably

Dell Pro Rugged devices come with adapters designed with thoughtful materials including post-consumer recycled plastic and recycled aluminum.<sup>1</sup> Select devices ship in packaging made with 100% recycled or renewable content.<sup>2</sup> Compliant with top environmental standards, our Rugged portfolio is certified ENERGY STAR, registered EPEAT Gold, and has achieved EPEAT Climate+ designations.<sup>3</sup>

### Secure and easy to manage

Deep defenses at the BIOS, firmware and hardware levels keep the device protected in-use. Streamline how you deploy drivers, configure BIOS, monitor devices, and manage updates, with Dell Manageability Solutions. And with Dell Trusted Update Experience, simplify how you update your endpoints with the latest drivers.

### Simply IT with services

Discover the power of Dell's ProDeploy and ProSupport Suites. These two key services streamline the deployment of rugged devices with automated configuration and workflows. Advanced AI-driven support and self-healing automation help keep your PCs running smoothly.

# Dell Pro Rugged Tablets

## Dell Pro Rugged 10 Tablet

Take mobility to the next level with the world's lightest 10" fully-rugged Windows Tablet<sup>4</sup>. This IP-66 rated tablet is the newest addition to the Dell Pro Rugged portfolio. Weighing in at only 2.29 lb. (1.04 kg), it is designed for all-day portability. It is equipped with Intel® Core™ Ultra 200V series along with Wi-Fi 7 and optional 5G to ensure seamless connectivity. The 1000-nit direct sunlight-viewable, glove-touch capable screen enables productivity in every environment. Hot-swappable batteries provide uninterrupted power for extended use. Solve problems faster and drive business impact with Windows 11 Pro Copilot+ PCs, powered by Intel® Core™ Ultra 200V series processors with 40+ TOPS NPU and Intel® Arc™ graphics. The Dell Pro Rugged 10 Tablet is FirstNet Ready™ with Band 14.

## Dell Pro Rugged 12 Tablet

Work faster, anywhere, with a powerful and feature-rich 12" fully-rugged tablet. With a 1200-nit direct-sunlight viewable screen that is gloved multi-touch capable, the Dell Pro Rugged 12 Tablet can handle any condition it's put in. All day productivity is easy with dual hot-swappable batteries. Reliable connectivity with Wi-Fi 7 with Dual Band Support and optional 5G. Solve problems faster and drive business impact with Windows 11 Pro Copilot+ PCs, powered by Intel® Core™ Ultra 200V series processors with 40+ TOPS NPU and Intel® Arc™ graphics. Equipped with a turbocharged NPU, these devices deliver powerful performance and unique AI experiences that save time and accelerate innovation. The Dell Pro Rugged 12 Tablet is FirstNet Ready™ with Band 14.

# Dell Pro Rugged Laptops

## Dell Pro Rugged 13

The world's smallest 13" fully-rugged AI PC<sup>5</sup> designed for those who demand peak performance in the most extreme environments. Powered by Intel® Core™ Ultra U and H-series processors, this powerhouse ensures high-performance computing, while the bright 1400-nit screen with low blue light allows for perfect visibility even in direct sunlight. Its resistive touchpad and hot-swappable batteries guarantee seamless operation under any weather condition. Tested to withstand drops from 6 feet and temperatures ranging from -20°F to 145°F, this IP-65 certified laptop ensures reliability in the toughest conditions. Stay connected anywhere with optional 5G and Wi-Fi 7<sup>6</sup>.

## Dell Pro Rugged 14

This 14" semi-rugged laptop features Intel® Core™ Ultra processors with an optional NVIDIA RTX 500 Ada Gen Gfx graphics card, making it adept at handling field applications. The 1100-Nit screen option with low blue light ensures clear visibility in direct sunlight, while the gloved multi-touch offers easy interactivity. Lightweight and compact, it is the world's smallest<sup>5</sup> and lightest<sup>5</sup> 14" semi-rugged AI PC. Built to endure extreme conditions, it's drop-tested from 3 feet and operates between -20°F and 145°F. Its IP-53 rating ensures protection from dust, dirt, and water. With hot-swappable batteries and optional 5G and Wi-Fi 7<sup>6</sup>, enjoy continuous productivity and stable connections anywhere.

# Accessories for Dell Pro Rugged Laptops & Tablets

Rugged solutions that help you stay productive wherever you work.

## IN THE FIELD

### DELL PRO RUGGED TABLET ACCESSORIES

Use your rugged device anywhere in the field, with customized accessories including rigid handles, shoulder straps, and rotating hand straps.

### DELL PRO RUGGED TABLET MAGNETIC MOUNT

Mount your tablet to any metal surface, with a powerful VESA magnetic backplate built for tough conditions.

### DELL PRO RUGGED TABLET ACTIVE AND PASSIVE PENS

Get a pen-on-paper-like responsive experience on your rugged tablet, with the rugged active and passive pens.

## IN THE VEHICLE

### RUGGED TABLET VEHICLE DOCKS

Mount your rugged tablet in your vehicle with docks from Havis, PMT, and Gamber Johnson, for on-the-go productivity.

### LIND POWER SOLUTIONS

Stay productive with continuous, reliable power to your Dell Rugged devices with Lind's wide array of power adapters.

### RUGGED NOTEBOOK VEHICLE DOCKS

Mount your rugged notebook in your vehicle with docks from Havis, PMT, and Gamber Johnson, for on-the-go productivity.

## AT THE DESK

### DELL PRO RUGGED KEYBOARD

Increase your productivity by adding an IP-66 rated full-size keyboard that easily locks into place and converts your tablet into a 2-in-1.

### DELL PRO RUGGED TABLET MOBILE STAND

Be more productive with an easily foldable stand that won't weigh you down.

### DELL PRO RUGGED DUAL BAY BATTERY CHARGER

Keep your device's batteries fully charged with Dell's mobile battery chargers or Lind's modular charging bays.

# Sustainability of Dell Pro Rugged Devices

Delivering innovative technology and solutions to collectively lower our environmental impact.

## Material innovation

These devices ship with a 65W Type-C adapter, designed with 98% recycled aluminum in the thermal shield and 95% recycled plastic in the case and AC inlet.<sup>7</sup>

## Packaging with purpose

Select Rugged devices ship in packaging made with 100% recycled or renewable materials.<sup>8</sup>

## Excellence in environmental standards

These devices are certified ENERGY STAR and EPEAT Gold registered with Climate+. With Climate+, these laptops have met environmental criteria that addresses climate change and reducing greenhouse gas emissions.<sup>3</sup>

## Seamlessly transition from old to new technology

We can help you responsibly and securely retire your legacy IT equipment, regardless of brand, while addressing your sustainability goals.

**Product Disclosures:**

1. Based on internal analysis, November 2023. 95% recycled plastic in the case and AC inlet and 98% recycled aluminum in the adapter shielding and thermal module.
2. Contains up to 93.5% recycled content and up to 6.7% renewable materials. Renewable materials in the form of sustainably forested materials. Percentages may vary slightly by region[and formfactor]. Excludes optional items added to order and included in box.
3. Based on internal analysis, July 2025. Based on EPEAT Climate + Designations. EPEAT registered where applicable. EPEAT registration varies by country. See [www.epeat.net](http://www.epeat.net) for registration status by country
4. Based on internal analysis, September 2025.
5. Based on internal analysis, August 2024.
6. Wi-Fi 7 certified products will roll out in accordance with the Wi-Fi Alliance certification schedule throughout 2024. WiFi 7 requires the latest Wi-Fi Alliance certification, Windows HLK certified device driver, hardware update, supported Windows OS version and compatible router. Wi-Fi 7/ 6E connectivity (6 GHz) with Windows 11 is limited and will leverage prior generation of Wi-Fi 6E/ Wi-Fi 6 speeds until drivers are available and hardware adoption increases. Ubuntu OS will not support Wi-Fi 7 and will operate on WiFi 6E/6 speeds when configured for WiFi 7. Router requires a separate purchase. Wi-Fi 7/ 6E (6 GHz) connectivity is only available in select locations. Check availability with your service provider. The Bluetooth wireless card version may vary depending on the operating system that is installed on your computer.
7. Based on internal analysis, July 2025. 98% recycled aluminum in the adapter and thermal shielding and 95% recycled plastic in the adapter case and AC inlet.. Based on chosen configuration of the 65W Type-C Adapter.
8. Contains up to 94% recycled content and 6% renewable content in the form of sustainably forested materials. Excludes option items added to order and included in the box.
